

Miami Fellows Class XI

Program Summary and Guidelines | Application Deadline: Monday, May 13, 2019 at 5:00 pm

Investing in strong leadership for Greater Miami is a central priority for The Miami Foundation. The Miami Fellows program allows us to:

- **Identify** individuals from diverse backgrounds who share a dedication to leading toward a greater Miami. We bring together individuals who have already begun creating change through the corporate, entrepreneurial, nonprofit or public sectors with goals for increased impact on issues important to them and Greater Miami.
- **Develop** their knowledge, skills and networks to be greater change agents. Inspiring and thought-provoking sessions give Fellows insights into major community issues, how they are inter-connected and how leaders approach them. Seminars on leadership strategies focus on what makes for effective leaders.
- **Connect** them to a peer network and mentors. Fellows form powerful and lasting bonds with each other and the Alumni network. Each Fellow is be paired with a mentor who can provide guidance and support toward the Fellow's leadership goals.
- **Engage** them to achieve more. The experience broadens Fellows' awareness of opportunities for local civic leadership. Through individual and shared efforts, Fellows will exercise leadership to influence community and policy issues and advance solutions.

Class XI will run from October 2019 to December 2020, providing unique opportunities that include:

- **Six Community and Leadership Laboratories**, 2 or 2 ½ day sessions based on effective leadership practices and significant current events that take Fellows out into the community. They will explore Greater Miami's history and development, its diverse neighborhoods and the social, economic and political issues and trends shaping our community.
- **An International Experience**, where Fellows travel to a destination in our region to explore parallels, connections and potential approaches to issues in Greater Miami.
- **Leadership Forums**, two-hour sessions in months without labs featuring key leaders as "case studies."
- **Leadership Skills Development** sessions based on proven practices.
- **Applied Leadership** through Fellows pursuing efforts that reflect individual and group goals.
- **A Personal Mentor**, engagement with Miami Fellows Alumni and the Foundation's community work.

Eligibility and selection criteria

The Foundation selects 16 to 18 Fellows for each class. We strive to create a class that reflects diverse backgrounds and points of view. Candidates **must live and work in Miami-Dade County**, be five to 15 years into their professional careers and committed to remaining here and contributing their leadership to Greater Miami. Immediate relatives of Foundation Trustees or staff are not eligible. Candidates should demonstrate:

- a commitment to Greater Miami and motivation to help shape the future of our community
- a growing record of community engagement, leadership initiative and roles that have brought them to an inflection point to do even more
- professional or civic roles that position them to address and influence community issues
- aspirations and goals to expand their leadership contributions, impact and collaboration with peers
- a hunger to learn, the self-awareness and humility to examine how they can become more effective
- the ability to fully participate in the program and a commitment to be involved as an alumnus
