2019-2020 Miami Leaders Program Guidelines and Course Offerings

The Miami Leaders program is designed to develop the leadership skills and management competencies of emerging nonprofit leaders in Greater Miami. Through the program, we award grants that enable them to attend premier executive education programs in our community and around the country.

These guidelines include a list of the programs where placements have been pre-arranged by the Foundation. Applicants can also request to attend an executive education program of their choice outside of those arranged. They will be responsible for pursuing any specific application and selection requirements. Grants will be conditional on their acceptance to their chosen program. Any self-initiated programs must be scheduled to run within one calendar year of the Miami Leaders program application deadline.

The application asks individuals to indicate which program they wish to attend. The Foundation reserves the option to make final placements based on both applicants' interest and the program that seems most appropriate to their leadership situation.

Miami Leaders grants are intended to help nonprofit executives with a long-term commitment to careers in Greater Miami's nonprofit sector develop new competencies specific to the needs and challenges of their respective organizations. The Foundation expects Miami Leaders to then share their new learning and experiences within their organizations and with other nonprofits in Miami-Dade County so they continue to serve as vital resources to their organizations and the broader community.

We are looking for candidates who demonstrate:

- A history of commitment and involvement in Greater Miami
- Leadership in the nonprofit sector and in the community
- Commitment to remaining in Greater Miami and a career in the nonprofit sector
- Clear goals for increasing personal and organizational leadership impact
- A plan to apply and share learned skills and knowledge to improve Greater Miami

Award Amounts

The Foundation bases award amounts on course programs' tuition cost and travel stipends for course programs outside of South Florida to help with travel expenses. The Foundation award will cover the full cost of tuition. However, the travel stipend is **not intended to fully cover** all travel and lodging expenses. The maximum award **including both tuition and travel stipend** is \$6,000. Within that award limit, the portion for the travel stipend will not exceed \$500 and will be determined at the Foundation's discretion. Therefore, for programs with the highest tuition, applicants will need to be prepared to pay for most of their travel expenses.

Foundation-Arranged course offerings

The list below includes links to the six programs' course sites and descriptions. Applicants should carefully review information on the programs to determine which is best suited to their interests and needs.
