

# Community Recovery Fund

The COVID-19 pandemic has ignited Greater Miami’s strength and spirit of caring, community and resilience. In response, The Miami Foundation’s Community Recovery Fund has mobilized donors, businesses and public leaders to support the nonprofit organizations we all depend on. We are leveraging our unique strengths, relationships, reach and knowledge that spans across philanthropy, the private sector, government and the nonprofit community. In response to the health and community crisis of COVID-19, we launched our region's nonprofit recovery fund. To date, we have raised over \$3.2 million for the Fund and granted out over \$1.6 million to over 150 nonprofits. Additionally, the Foundation’s generous Donor Advised Fund donors have granted out \$1.7+ million to support community recovery.

## The Community Recovery Fund

**\$3.2 million**

Raised from individual donors and partners in Miami-Dade and across the U.S.

**\$1.6 million**

Granted to over 150 Miami-Dade nonprofits for recovery

## The Miami Foundation’s Donor Advised Fund Donors

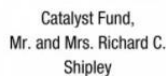

**\$1.7 million**

Granted to local nonprofits from the generous, mostly local donors who have personal, charitable Funds with us

## The Community Recovery Fund Partners

Support for this fund was provided in part by the Robert Wood Johnson Foundation. The views expressed here do not necessarily reflect the views of the Foundation.

In partnership with donor champions and nonprofit organizations, we have prioritized four major focus areas for investment.

## HEALTH & WELLNESS

Restore health and wellness by investing in organizations that address residents’ physical, mental and behavioral health needs, as well as basic food security and access with an emphasis on communities of color across Greater Miami

## CHILDREN & YOUTH

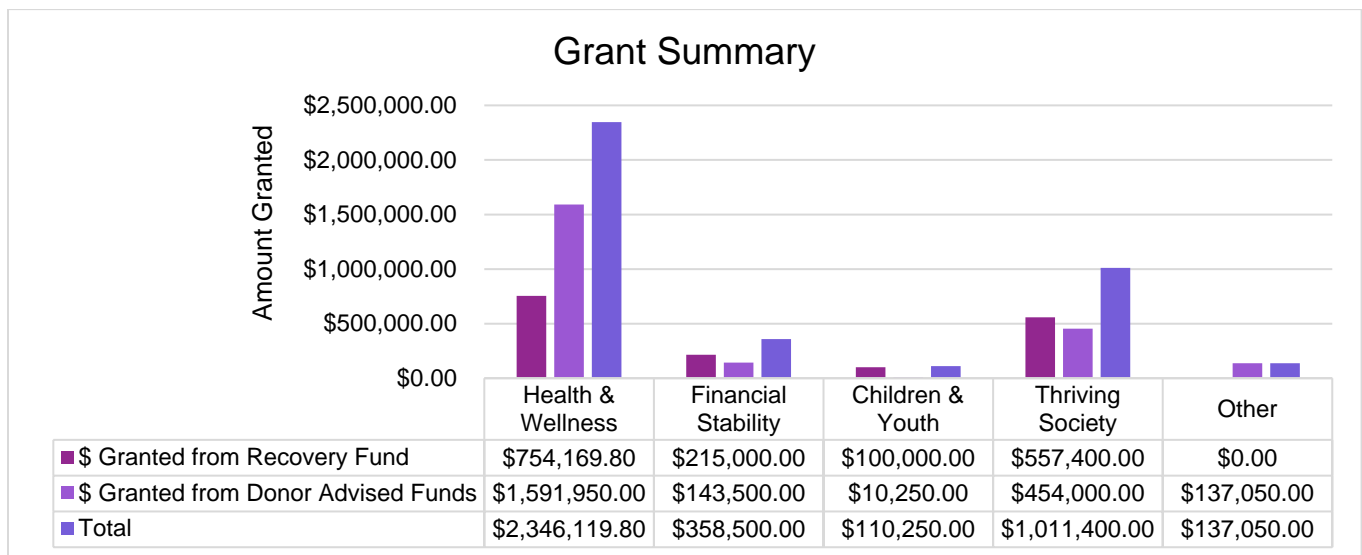

Invest in the success of our youth by supporting organizations that provide quality childcare to families, support community and distance learning programs to supplement virtual school classes and create constructive engagement opportunities for every child.

## FINANCIAL STABILITY & ECONOMIC RESTORATION

Put Miami-Dade residents on firm financial footing by investing in organizations that have an outsized impact on the financial security of Greater Miami residents, helping increase employment, housing security, benefits access, and support for small business owners.

## THRIVING SOCIETY

Create vibrant, inclusive social and civic bonds through shared arts and cultural experiences, access to credible news and information, and digital connectivity for all.

Within each of the focus areas, The Miami Foundation has identified **a number of investment opportunities** to address the profound local need. We are using our position of power to collaborate with businesses and our philanthropic peers to amplify our investments. Some highlights from those investments include the following:

## PPE Supplies for Nonprofits

In partnership with **Health Foundation of South Florida** and the **Florida Blue Foundation**, The Miami Foundation coordinated central purchasing and free distribution of **\$100,000 worth** of personal protective equipment for small, direct service nonprofit organizations serving vulnerable communities. Each of the below organizations received 3 months of free PPE supplies to resume and sustain operations.

## Living Wage Opportunities

In partnership with JPMorgan Chase, The Miami Foundation **invested \$200,000** in a collaboration between **Prospera** and **FIU Small Business Development Center** to provide support to small businesses focusing on accessing capital, reviewing business strategy, and adjusting to the “new normal.” This work will help 500 small businesses create living wage jobs for the community resulting in an economic impact of more than \$5 million.

## Bridging the Digital Divide

The Miami Foundation is making investments to ensure that our rural and low-income communities have access to technology and broadband internet. We have awarded \$150,000 in mini grants of \$10,000 each to nonprofits to invest in digital technology for their critical operations and/or their clients. The following organizations were the recipients of the first round of grants.

Centro Campesino Farmworker Center	Overtown Children and Youth Coalition
DMF Employment Opportunities	Overtown Youth Center
Empowering Youth	PACE Center for Girls Miami
Gang Alternative	Parent to Parent Miami
Haitian Neighborhood Center (Sant La)	SBC Community Development Corporation
Institute for Child and Family Health	Touching Miami with Love
MUJER	Universal Heritage Institute (UHI Clinic)
Opa-Locka Community Development Corporation	

These are just a sample of the types of investments The Miami Foundation is making through the Community Recovery Fund in partnership with local and national funders. Starting on page 5, you can find a full list of grants awarded from the Foundation related to COVID-19 community recovery.
