

Community Recovery

The COVID-19 pandemic has ignited Greater Miami’s strength and spirit of generosity, community and resilience. Immediately, The Miami Foundation mobilized donors, businesses and public leaders to support the nonprofit organizations we all depend on. We leveraged our unique strengths, relationships, reach, and knowledge that span across philanthropy, the private sector, government, and the nonprofit community to launch our region's Nonprofit Recovery Fund. To date, through our combined efforts and in partnership with the community, we have granted more than **\$16 million to over 600 nonprofits.**

\$2.5 million	Community Recovery Grants awarded to more than 190 nonprofits
\$2.5 million	Grants from our Donor Advised Fundholders to advance COVID recovery
\$11.2 million	Nonprofit Support Grants awarded to 423 nonprofits in partnership with Miami-Dade County

Grant Award Summary by Issue Area

Community Recovery Fund

The Miami Foundation created the **Community Recovery Fund** in partnership with donor champions and nonprofit partners. We used the unrestricted resources raised through the fund as leverages to support and prioritize four major focus areas of investment.

HEALTH & WELLNESS

Restore health and wellness by investing in organizations that address residents' physical, mental and behavioral health needs, as well as basic food security and access, with an emphasis on communities of color across Greater Miami

CHILDREN & YOUTH

Invest in the success of our youth by supporting organizations that provide quality childcare to families, support community and distance learning programs to supplement virtual school classes, and create constructive engagement opportunities for every child.

FINANCIAL STABILITY & ECONOMIC RESTORATION

Put Miami-Dade residents on firm financial footing by investing in organizations that have an outsized impact on the financial security of Greater Miami residents, helping increase employment, housing security, benefits access, and support for small business owners.

THRIVING SOCIETY

Create vibrant, inclusive social and civic bonds through shared arts and cultural experiences, access to credible news and information, and digital connectivity for all.

Within each of the focus areas, The Miami Foundation identified **a number of investment opportunities** to address the profound local need. We use our unique position to collaborate with businesses and our philanthropic partners, and amplify our investments. On the following pages, please find detailed information about our strategies for investing in each of these areas.

Our recovery work is far from over. We enter 2021 with our community still reeling from the impacts of the crisis, including the need for food access and personal protective equipment (PPE), as well as digital access to participate in virtual learning. At the same time, we realize the more intermediate impacts of the pandemic and are exploring how The Miami Foundation and our partners can make strategic investments to address the pervasive needs that plague our community. Some of the areas we are focusing on include a shifting economy that will require job reskilling, a population finding themselves unable to pay rent without stable employment, a growing mental health crisis, and health and digital inequity.

PPE Supplies for Nonprofits

In partnership with **Health Foundation of South Florida**, the **Florida Blue Foundation**, **The Frederick A. De Luca Foundation**, **Elevate Innovation**, and **XPI Relief Fund**, The Miami Foundation coordinated central purchasing and free distribution of more than **\$250,000 worth** of personal protective equipment for small, direct service nonprofit organizations serving vulnerable communities. Each of the below organizations received free PPE supplies to resume and sustain operations.

Achieve Miami
 Affirming Youth Foundation
 Americans for Immigrant Justice
 AMIKids Miami-Dade
 Arts for Learning/Miami, Inc.
 Be Strong International
 Belafonte TACOLCY Center

 Urban Philanthropies
 YES Institute
 YMCA of South Florida
 Young Musicians Unite
 YWCA South Florida

Food Access

PepsiCo, Inc. and its philanthropic arm, **The PepsiCo Foundation**, partnered with The Miami Foundation to support local organizations working to provide food access and emergency assistance to communities of color. An investment of **\$500,000** supported six grantees working on the ground to feed and sustain our residents. The grantees included: **Bridge to Hope, Feeding South Florida, FoodRescue Miami, Health in the Hood, MUJER, and Redlands Christian Migrant Association.**

Living Wage Opportunities

In partnership with **JPMorgan Chase**, The Miami Foundation **invested \$160,000** in a collaboration between **Prospera** and **FIU Small Business Development Center** to provide support to small businesses focusing on accessing capital, reviewing business strategy, and adjusting to the “new normal.” This work will help 500 small businesses create living wage jobs for the community resulting in an economic impact of more than \$5 million.

Supporting Miami-Dade Public School Principals

Our education systems stepped up in a major way during the crisis to ensure our kids received school, food, and other kinds of critical support. The Principals and teachers at Miami-Dade Public Schools were on the front lines but working under the radar to keep our community together. As a show of gratitude for their leadership during this difficult time for our community, The Miami Foundation, with support from **Peacock Foundation, The Frederick A. DeLuca Foundation** and an **anonymous donor**, presented each Miami-Dade Public School Principal with a **\$500 donation** to be used at their discretion. They shared with us that these funds would be used to support the little things that are not part of a school's budget, like a new backpack for a homeless student or a free dinner for teachers working overtime.

Capacity Building Mini-Grants

In partnership with **Allegany Franciscan Ministries and The Frederick A. DeLuca Foundation**, The Miami Foundation **awarded \$160,000** in capacity building mini grants of up to \$15,000 to hyper-local nonprofits embedded in high-need, low-income neighborhoods. These organizations provide for basic needs and serve as trusted resources and disseminators for health and wellness equity. These grants supported organizations specifically working to improve health and wellness outcomes as well as children and youth serving organizations.

The below organizations each received unrestricted investments that allowed them to provide critical resources for children and families - from free health care to reliable child-care.

Achieve Miami	Dade County Street Response	Project Access Foundation
Affirming Youth Foundation	Easterseals Miami	RJT Foundation
Belafonte TACOLCY Center	Family Action Network Movement	Third Wave Volunteers
Be Strong International	FLIPANY	Three Virtues Organization
Branches	Haitian-American Nurses Association	Touching Miami with Love
Center for Family and Child Enrichment	Live Healthy Little Havana	University of Miami (Pediatric Mobile Clinic)
Common Threads	Make the Homeless Smile (Smile Trust)	Urban Health Partnerships
Community Justice Project	Miami Lighthouse for the Blind and Visually Impaired	Urban Oasis Project
Third Wave Volunteers	Open Door Health Center	Urgent Inc.
Curley's House of Style		WeCount!

Learning Kits for Kids

In partnership with **The Education Fund**, The Miami Foundation **invested \$200,000** in scaling the supply and distribution of learning activity kits for underserved children through nonprofit partnerships over the summer, bulk shipments to schools in the fall and supply distribution during the 2020-21 school year, to support children who are most vulnerable to the effects of the academic learning slide.

Bridging the Digital Divide

The Miami Foundation makes investments to ensure that our rural and low-income communities have access to technology and broadband internet. We **awarded \$150,000 in mini grants of \$10,000** each to nonprofits, thus investing in digital technology for their critical operations and/or the individuals they support.

Centro Campesino Farmworker Center
DMF Employment Opportunities
Empowering Youth
Gang Alternative
Haitian Neighborhood Center (Sant La)
Institute for Child and Family Health
MUJER
Opa-Locka CDC

Overtown Children and Youth Coalition
Overtown Youth Center
PACE Center for Girls Miami
Parent to Parent Miami
SBC Community Development Corporation
Touching Miami with Love
Universal Heritage Institute (UHI Clinic)

Additionally, in partnership with **Microsoft Corporation**, we have launched a Nonprofit Digital Transformation Pilot. Five organizations serving communities of color were selected to **receive \$12,000 grants** and free expert technical support, guidance and advice to understand how they can enhance their use of technology. The organizations include: **Catalyst Miami, PowerU Center for Social Change, Sant La Haitian Neighborhood Center, Urgent Inc., and YWCA South Florida.**

Sustaining the Arts

The John S. and James L. Knight Foundation, The Jorge M. Pérez Family Foundation, and the Funding Arts Network all partnered with The Miami Foundation to ensure that our local arts organizations and artists were not forgotten in the community recovery efforts. These groups were among the hardest hit by the pandemic as theaters and other cultural venues shut their doors and opportunities for earned revenue evaporated. With the help of these generous donors, **more than \$400,000** was awarded to support more than 35 organizations and dozens of local artists. Some of the

organizations supported include:

Adrienne Arsht Center for the Performing Arts
Artists in Residence in Everglades
Arts for Learning/Miami, Inc.
Poetry for the People
EdgeZones
Florida International Philharmonic
Guitars Over Guns
HistoryMiami
Iris Collective
Juggerknot

Karen Peterson Dancers
Locust Projects
Miami City Ballet
Miami Light Project
Miami Music Project
Moonlighter Makerspace
MUCE
Museum of Contemporary Art North Miami
O, Cinema
O, Miami

Oolite Arts
Prizm Projects
Radiator Comics
Rhythm Foundation
South Florida Center for Percussive Arts
Sweat Records
The Motivational Edge
Young Musicians Unite
YoungArts

These are just a sample of the types of investments The Miami Foundation makes through the Community Recovery Fund in partnership with local and national funders. Starting on page 9, please find a full list of grants awarded from the Foundation related to COVID-19 community recovery.

Miami-Dade Nonprofit Support Grant Program

The Miami Foundation partnered with the **Miami-Dade County Department of Public Housing and Community Development (PHCD)** to create the \$10 million Miami-Dade Nonprofit Support Grant Program, funded thanks to federal CARES Act dollars. The program was designed to support small nonprofits, with 25 or fewer employees, in their financial recovery throughout the COVID-19 pandemic. The need from the community was immense: we received 608 applications requesting \$13.4 million in relief funding. As the demand far exceeded the available funds, staff and community leaders alike worked to advocate for an expansion of the program and ultimately, we were successful. The Miami-Dade Nonprofit Support Grant program received additional funding resulting in **423 individual grants awarded, totaling \$11.3 million.**

The grantees represented a wide array of the nonprofit organizations in Miami — serving diverse populations, from across 9 different sectors, all 34 municipalities of Miami-Dade County, and all 13 County Commission districts. The program was a critical lifeline for local nonprofits and helped them weather the effects of the COVID-19 pandemic. Every single Miami nonprofit organization that submitted a complete and valid application within the application period was approved for grant funding. Learn more about the program and its impact on our community on The Miami Foundation’s website: <https://miamifoundation.org/covid19reliefgrants>.
