2024 CAP Scholarship Application

Review + Awards Process:

- A completed application does not guarantee funding. It only guarantees review and consideration.
- **Awards are made for attendance at the educational institution you indicate in the application. Because they are based on unmet need for full-time enrollment at specific school, they are not transferable to another institution after grant is awarded. If an award is made and you transfer schools, or enroll less than full time, the award will be withdrawn.**
- Grants are not automatically renewed. Some students may be eligible for multi-year awards.
- A committee will review and rate the applications and make final decisions on scholarship awards. Students will be notified of whether they have been selected to receive a scholarship via email by June 24.
- **We will use the email address you provide in your application to notify you.** Please be sure it is correct.
